

Tandem Diabetes Care Honored in San Diego 2018 Top Workplaces Awards From San Diego Union-Tribune

November 12, 2018

SAN DIEGO--(BUSINESS WIRE)--Nov. 12, 2018-- Tandem Diabetes Care®, Inc. (NASDAQ: TNDM), a leading insulin delivery and diabetes technology company, today announced it has been named a top workplace in San Diego by The San Diego Union-Tribune and awarded a “Future Forward” 2018 Top Workplaces honor.

“Our employees have created a culture of passion, creativity, and drive that makes our company a success in an increasingly competitive industry,” said Kim Blickenstaff, president and CEO of Tandem Diabetes Care. “Our company is a top workplace because of its people, and with all of the career choices out there, we are incredibly proud that employees keep giving Tandem Diabetes Care such high marks.”

[The Top Workplaces list](#) is based solely on employee feedback gathered through a third-party survey administered for the San Diego Union-Tribune by research partner Energage, LLC (formerly WorkplaceDynamics), a provider of technology-based employee engagement tools. The anonymous survey measures several aspects of workplace culture, including alignment, execution, and connection.

“Top Workplaces is more than just recognition,” said Doug Claffey, CEO of Energage. “Our research shows organizations that earn the award attract better talent, experience lower turnover, and are better equipped to deliver bottom-line results. Their leaders prioritize and carefully craft a healthy workplace culture that supports employee engagement.” “Becoming a Top Workplace isn’t something organizations can buy,” Claffey said. “It’s an achievement organizations have worked for and a distinction that gives them a competitive advantage. It’s a big deal.”

To be considered for an award, participating organizations had to be nominated by an employee and have at least 50 employees in the metro San Diego area. The organizations could be public, private, nonprofit, or governmental.
